Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am at present out of work due to that ridiculous NAFTA. Now that the government has put me out of work your trying to take what little money I have . I think you crooked polititicans should be replaced with regular people who are more in touch with the regular people rather than the people that are in office now and sitting in some fancy office and getting paid more than they are worth. I hope to help put some of you crooks out of office when I vote this Tuesday. Thanks for nothing. BOB HODGDON

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
